PROJECTS

Form Bot React, NodeJS, Express, MongoDB Live!

- Designed and developed FormBot, an interactive chatbot-based form builder using the MERN stack.
- Implemented dynamic form creation and real-time data collection with customizable themes.
- Integrated real-time analytics to visualize responses, completion rates, and user insights.
- Delivered a seamless, responsive user experience for form sharing and data export.

Link Trim React.js, Express.js, Node.js, MongoDB, Rest API Live!

- Built with the MERN stack, allowing users to create short links, set expiration dates, and manage URLs efficiently.
- Includes click tracking, detailed analytics, and a responsive dashboard with pagination.
- Ensures secure user authentication using JWT tokens for seamless login.
- Provides an intuitive interface for easy navigation and link management.
